National Firefighter Registry; National Gold Helmet Certification:

Register today at <https://nfr.cdc.gov/>

-NIOSH is recognizing any U.S. fire department that enrolls 50% of their active firefighters OR more than 300 of their active firefighters in the National Firefighter Registry (NFR) for Cancer as a Gold Helmet Department. National Gold Helmet Departments receive a certificate, web badge, and social media posts to share.

How it works: Departments who have at least 50% of their active firefighters OR more than 300 active firefighters signed up for the NFR for Cancer are eligible.

Here's how it works: If you believe your department has met the eligibility criteria, please email NFRRegistry@cdc.gov and provide the total number of active firefighters in your department.

Please note: participants will need to select/enter their current department in the 'Work History' section of the questionnaire to allow NIOSH to accurately count the number of firefighters enrolled from your department.

NIOSH will then review the NFR database. If your department meets the criteria, NIOSH will send you a confirmation email.

Fire Prevention Week 2024

The National Fire Protection Association (NFPA) and Domino's Pizza's are teaming up for the 17th year to deliver smoke alarm safety messages and pizza during #FirePreventionWeek, Oct. 6-12. Fire departments that sign up in August to participate will automatically be entered into Domino's FPW Sweepstakes. Three winners will be randomly selected to receive a FREE Fire Prevention Week in a Box! Learn more:
