

MARYLAND STATE FIREFIGHTERS ASSOCIATION

-a 501(c)3 Organization

Representing the Volunteer Fire, Rescue and Emergency Medical Services Personnel

Weekly Report 10/12/24

Urgent Request from MDEM: Please share broadly with your Fire/Rescue/EMS contacts:

Many of the fire departments in storm-struck areas of western NC are completely destroyed, and they don't have a fire station, equipment, turnout gear, or apparatus. Every item that can be donated is critical for the fire departments to recover. The NC Office of State Fire Marshal has opened a donated fire equipment staging area and is building an inventory of equipment in anticipation of basic equipment requests. OSFM will distribute the equipment as the requests come in. The OSFM staging base camp is located at 2550 Hwy 70 SE, Hickory, NC 28602. The point of contact is Kevin Head. Phone # is 919-592-5143. Email kevin.head@ncdoi.com

-This SAFER-funded two-day workshop takes a retention-first approach to help participants evaluate the type of environment they're inviting potential members into and offers keen insight and process improvement from the moment of inquiry, to application and acceptance, and through the onboarding phase. -NOTE: **To ensure a personalized experience, the course will be open to a limit of 24 attendees per region (and limited to two people per department) so be sure to register early!**

-Mileage will be reimbursed for all attendees traveling 50+ miles one way.

-Lodging will also be reimbursed for one night up to \$175 for those traveling 50+ miles one way.

Notices from the MSFA Tag Committee:

-Motorcycle tags are in the process of being made. As soon as they become available, they will be shipped out to those who have applied.

-Going forward, we will only be issuing **new** Maryland State "Firefighters" Association tags. We will not be replacing old tags just to get the new name on your tag. The only exception is if the old tag is damaged and the proper VR9 is filled out.

-Reminder all checks should be made out to MSFA or Maryland State Firefighters Association not MVA all payments will be returned and not processed until correct check is submitted.

An Important Memo from State Medical Director Dr. Timothy Chizmar: Date: October 4, 2024

Re: IV Fluid Shortage

Recently, the Baxter North Cove Plant in North Carolina sustained significant storm damage from Hurricane Helene. This facility produces large quantities of IV fluids used in the United States. With this plant outage, we anticipate the possibility of supply chain disruption.

Please use sound judgment and conserve IV fluids when possible.

Effective immediately, please reserve IV fluids for patients who are hemodynamically unstable or in shock (e.g., tachycardic, hypotensive). For stable patients who may need intravenous access for medications, we should establish a "saline lock" and not hang IV fluids at "keep vein open (kvo)" rate.

Thank you for your flexibility and sound judgment as we aim to use our resources wisely and deliver excellent patient care. We will share further guidance on this evolving situation as it becomes available.

Webinar: NERIS Version 1: Platform Launch and National Rollout October 29, 2024; 1300-1400 hrs

This session will mark a major milestone – the launch of the National Emergency Response Information System (NERIS) v1. As the effort transitions from platform development to national deployment, this webinar will map out how fire departments and technology partners across the country can plan their transition to NERIS.

Covered in this webinar:

-NERIS Version 1 Launch: Overview of the Phase 1 onboarding of 100 selected departments.

-User Experience Walkthrough: A practical demo of key NERIS V1 features and tools.

-Rollout Timeline and Strategy: Guidance on next steps for fire departments and vendors.

-New Resources: Onboarding materials, APIs, and Version 1 data schemas.
