NERIS Updates Available Here: <https://fsri.org/programs/neris>

NERIS Version 1 Launches to Support Data Modernization for the Fire Service:

“On November 4th, the National Emergency Response Information System (NERIS) launched, marking a major advancement in incident data collection for U.S. fire departments. This secure, cloud-based platform delivers all-hazards data and analytic tools that will empower fire and EMS leaders to enhance community safety and make better operational decisions.

NERIS is built to address emerging challenges, including lithium-ion battery fires, wildland-urban interface incidents, and extreme weather conditions. **After extensive beta testing with over 60 departments, NERIS Version 1 will now onboard 100 additional departments by the end of 2024.**

This is part of a phased adoption strategy that will test the new platform at every step. **Beginning in January 2025, NERIS will undergo a 12-month nationwide rollout, eventually replacing the legacy National Fire Incident Reporting System (NFIRS) as the primary reporting tool for fire and emergency response for the nation’s approximately 27,000 fire departments.**” -FSRI

Prepare for Crash Responder Safety Week

Use the week of November 18-22 to educate the public and responders about what they can do to keep responders safe at roadway incidents. NVFC Resources can be found here: <https://www.nvfc.org/make-your-plans-to-commemorate-crash-responder-safety-week/>

NVFC Live Online Events in December:

-December 5, 2024 1400 hrs: Roundtable Talk: Shared Vision - What Your Department Can Do to Support the National Cohesive Wildland Fire Management Strategy

Presenter: Doug deBest (Moderator), Mike Johnson, Nick Arnett, Jeff Romines, and Dave Celino
Join the NVFC for a Roundtable Talk focused on how fire departments can actively participate in the National Cohesive Wildland Fire Management Strategy, a collaborative effort to address the nation's wildfire problems.

https://us06web.zoom.us/webinar/register/WN_USwu8HUeSRObxgp6Wg3kYw#/registration

-December 17, 2024 1400 hrs: Roundtable Talk: Understanding the Risks – Big-Box Fires and Non-Fire Emergencies

Panelists: Tom Merrill, Capt. Mike Dugan (ret), Capt. Mike Gagliano (ret.), and Capt. Clark Lamping
In small towns, where land is less expensive and highway/interstate access is convenient, distribution centers, warehouses, and industrial spaces continue to absorb land. Volunteer fire departments in these small communities protect a large portion of the millions of square feet that will require intervention with limited fire resources. In order to respond efficiently and safely.
